## PROVIDENCE.

CHICKERING & SONS

PIANOFORTES.

THE subscribers take pleasure in informing the public that they have been appointed Sole Agents for those Celebrated Instruments for the State of Rhode Island, and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Square, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extraordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous applause of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the Chickering Pianos have been so frequently and minutely detailed by the Press that we do not consider it necessary in the Card to comment further upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

600 MILES

OF THE

UNION PACIFIC

*RAILROAD*

Are now finished and in operation. Sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of the

GREAT NATIONAL WORK,

at the earliest possible day, will be done.

THE UNION PACIFIC RAILROAD COMPANY receive:

I.—A Government Grant of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A Government Grant of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A Government Grant of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A Government Grant of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and no more. The Government Directors and Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first class Railroad, laid with a heavy Track, and completely supplied with depots, stations, turntables, car-shops, locomotives, cars, &c.

V.—A Capital Stock Subscription from the stockholders, of which over *Eight Millions Dollars* have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—Net Cash Earnings on its Way Business that already amount to more than the interest on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

*First Mortgage Bonds*

upon such a property, costing nearly three times their amount, are

Are Secure Beyond any Contingency.

The Company have abundant means in their treasury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely satisfactory; but they claim that, for entire security and liberal returns, there is certainly no better investment in the market.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT,

*AND IT IS BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.*

The Company reserve the right to advance the price to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum from the date on which the last coupon was paid. Subscriptions will be received in Newport by HENRY HULL & CO.; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

A RAILROAD TRAIN STOPPED BY THE ARMY WORM.—The Corinth (Miss.) *Model Farmer*, for May, says the army worm is on the march there in amazing force. The *Farmer* makes the following astounding statements:

The movements and numbers of the insect are astounding. The army worm has appeared in this county near the State line, and is now moving southward. Their breadth is about two miles, and they are stripping the forest of all foliage in their path. There are so many millions that last week they actually stopped the freight train on the Memphis and Charleston railroad. The worms were so thick on the track that they accumulated on the wheels until it caused the drivers to slide on the rails. We don't think this is the regular army worm, but a species of insect smaller, and not so destructive to vegetation."

A Banker lent a graceless scamp five dollars, in the hope of getting rid of him; but, to his surprise, the fellow paid the money punctually on the day agreed upon, and a short time afterwards applied to him for another loan. Peerless Cooking Stove.

HEAR what the Boston Journal says of this super or article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed diaphragm, which heats the air as it passes down to the fire pot and into the oven, enabling the operator to do most perfectly and evenly, a great variety of work in a comfort, however, in the part of country which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, as large as a flour or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. # NEWPORT DAILY NEWS.

SATURDAY, June 6, 1868

**FOR PRESIDENT,**
**ULYSSES S. GRANT.**
**FOR VICE PRESIDENT,**
**SCHUYLER COLFAX.**

STRANGERS AND SUMMER VISITORS spending the season in Newport will find it to their advantage to consult the advertising columns of the *Daily News* before selecting their places of trade. They will find, carefully arranged under appropriate heads, the names and places of business of our leading merchants and tradesmen of all classes, and may thus be enabled to make, by comparison, more satisfactory arrangements than a limited acquaintance in Newport would otherwise allow.

### Senator Sprague.

Neither Senator Sprague nor his friends have yet given any response to the inquiries as to whether or not that gentleman intends to support Grant and Colfax, in case Mr. Chase is a candidate, during the coming campaign. All the "organs" maintain a dignified silence and will doubtless continue to do so until after the Senatorial Election. If this be the case we shall have the remarkable spectacle of a political campaign, and an election to the most important office in the gift of the State, after the manner of a Friend's meeting, in perfect silence. It is said that such is the overshadowing influence and power of Mr. Sprague in this plantation that it is not safe to speak without permission. Hence the silence of the hour.

We raised the inquiry some time since as to the position of Mr. Sprague, and felt, under the circumstances, that it was a fair question, and that by some word or act the desired information might with propriety be given to the public. We believe, now, that a response is withheld and the inquiry ignored, because it is the intention of certain parties in this State to support Mr. Chase for the Presidency, should he be nominated, and it is not regarded as good policy to declare that intention in advance of the Senatorial Election next week. We have information on this point, which has been furnished us within the past few days, that without a disclaimer on the part of Mr. Sprague or his friends must be considered conclusive.

We have not pressed this inquiry because of any personal or political hostility to our present Senator. We have avowed our approval of his general course in the Senate and our readiness to advocate his return if he is fully with the Republican party for the present campaign. But we cannot consent to so far sink our manhood as to vote and act in the dark, and be counted as a subject or serf to do the bidding of a chief without the privilege of asking questions and receiving information on subjects of vital interest, such as are involved in the issue before us.

### Political.

The Richmond *Whig* heads the killing of a negro in Yorktown. "One Vote Less."

The President sent the following nominations to the Senate this afternoon.—M. T. McMahon, of New York, to be minister resident at Paraguay. W. H. Parker, to be secretary of Idaho Territory. John H. Wilson, U. S. Attorney for Virginia. Nathan Goss, N. S. Attorney, for Western Virginia. John Goseler, Justice of the Peace for the district of Columbia.

Private advices from the South state that since the failure of impeachment the colored people are having a terrible time. The change for the worse has been rapid, and nothing but the election of Grant and Colfax can save the South from a reaction which will plunge the colored race back into slavery or something very near it.

The *Times'* Washington special says: Several of the personal and political friends of Hon. George A. Pendleton are now in this city, measuring the calibre of the so called Chase movement. They report as the result of their investigations, that while there is much talk among certain politicians about the expediency of making Mr. Chase the Democratic candidate they cannot find where he is going to get the votes to nominate him in the convention. They claim that Mr. Pendleton will have a clear majority on the first ballot.

### Little Compton.

We learn from the N. B. *Standard* that while Mr. Snell, a hired man in the employ of Arthur T. Wilbor, of Little Compton, was doing the chores in the barn, where there is a well with five or six feet of water, a little girl of Mr. Wilbor's came into the barn, and had just cautioned the man not to fall into the well, when he turned round and found her missing. He ran to the door and could not see her; and then ran to the well, and clambered down, just in time to take her little hand as it rose above the water and brought her up. The child has recovered.

A STRIKE.—The telegraph reports that extensive dissatisfaction exists in Ashland, Mass. The proprietor of one of the Boot factories hired a man who did not belong to the order of the Knights of St. Crispin, when the members of the order in his employ demanded his discharge. This was refused, and they quit work, to the number of 200.

The proprietor of the factory went down to Maine and hired 180 men whom he set to work. Yesterday the knights paraded with bands of music, 300 strong. The proprietor sent to Boston for help, when a detachment of State constables, over twenty in number, were sent to Ashland. About forty citizens armed themselves and guarded the buildings. All was quiet this morning, but the officers were still there.

LYNCH LAW.—The St. Louis *Democrat* disclaims any intention of suggesting lynch law for the Western Senators who voted for the acquittal of President Johnson. It "simply" says this: "That the treatment which Ross will meet in Kansas, Fowler in Tennessee, and Henderson in Missouri, will be quite likely enough to induce them to emulate the example of Grimes, and atone to the States which they have betrayed by seeking a residence elsewhere." This is rather a round about way of suggesting lynch law; but it is not impossible that some of the people in those States may so understand it.

### When and to Whom Shall We Give.

In a city like New York, where life is on the express train principle, it is hard to decide who are, and who are not, legitimate objects of charity. They, who have often been swindled, and have not time to investigate personally each case, can only decline to give money, unless the applicant present what appears to be undoubted credentials. Even then, the names and handwriting of prominent persons have proved, on after inquiry, to be deceptions; so that, unless you entrench yourself behind a decided and universal *No*, there is no escape.

You must be *very* heartless, or have been often flagrantly, imposed upon, to run this risk of passing by a possible case of legitimate charity. There are some applicants, however, whose claims may be very quickly decided, by a person of any experience in these matters.

Not long since, a lady called upon me, who was very well dressed, and who expressed herself grammatically and fluently. She had, according to her own story, "been once in the first society." She mentioned the names of ladies well-known to me, with whome she was once intimate, and who occasionally gave her old dresses—but, as she said, *no money*. Unfortunately, it was *money* she wanted, "as her health was delicate, and her appetite fastidious, and she required canned fruit and a mutton chop," for each day's bill of fare.

Her plan had been to solicit funds for this purpose, renting a small room in one of our *up-town* houses, from whence she made her daily pilgrimages for forage. When she succeeded well, she preferred luncheing at Delmonico's; this, I afterwards ascertained, upon inquiry of a lady who had assisted her.

The want of the necessary mutton-chop was the immediate cause of her call upon me, "whose writings she had always admired." One of the ladies, she said, had advised her to go to one of those boarding-houses recently opened to afford a clean and respectable home to women in narrow circumstances, at a small cost to each inmate. She had gone there and tried it; "but, really, the cookery was *not* what she was accustomed to," and so she returned to her original mutton-chop plan. Now, there was no doubt, of course, that she was a humbug. The strength she expended in walking over the city to solicit funds, would if expended in looking for employment, have placed her above the necessity for charity. And the eloquence with which she pleaded for the daily mutton chop, showed practice, which might be turned to good account with less hurting results.

Well, I confess, with shame, that to rid myself of the applicant—who seemed to have plenty of time, while I had little—I bought her off with two dollars. Did myself, did I say? She returned, as might be expected, in two days, for more mutton-chop. Meantime I had ascertained that when she was an inmate of the very nice boarding-house to which the lady had sent her, paying her board a week in advance, until she could look about for employment, she had insulted the young ladies who were glad of a respectable home like that, by remarking, "that she was a lady, and had never been before associated with low creatures who had to earn their living teaching music;" and that objecting to pay her board there, and at the same time *refusing to leave*, she was finally, properly, and compulsorily ejected.

I also ascertained that she called for "mutton-chops" on a well-known clergyman here in New York, stating her very delicate appetite. His reply was, "Madam, if you are ill, and in need of food, I will give you a mutton-chop for to day, but I cannot agree to find you in mutton chops." I also ascertained that when the Episcopal church-funds ran dry for mutton-chops, that with woman's quick aptitude she threw herself upon the bosom of the Catholic Church; and I have no doubt that Baptists and Methodists will also be called upon for the same purpose. She also told me, with candor, that she succeeded much better with gentlemen than ladies; and in one instance, where the lady of the house, wearied with profitless giving to her, declined seeing her again, this indomitable lover of mutton chops immediately requested to *see her husband*.

Hoping to make a final thing of it, the husband went down, listened to the immediate necessity for a new mutton chop, gave her five cents, the only loose change he had, which this "lady, who could not associate with low creatures who earned their living teaching music," coolly pocketed, and turned her steps to "fragrant fields and pastures new."

FANNY FERN.

### Winter Wheat.

The monthly report of the Department of Agriculture for April gives the following account of the wheat prospects:

Barely are our winters so favorable to fall sown wheat as that of 1867-'8. Seldom has the temperature been so uniform, and the ground so constantly covered with snow; conditions favorable to the vitality and healthfulness of the wheat plant. Almost the only complaint of winter freezing and thawing, and consequent winter killing, comes from the latitude of Tennessee and southern Kentucky, where comparatively small breadths of wheat are sown.

The New England States, now scarcely considered wheat-growing, are awakening to the necessary importance of the bread supply, and are encouraged to attempt wheat culture more largely by the fine condition of that now in the ground. The steady cold of the long winter was remarkable, extending to the Connecticut shores of Long Island sound. The covering of snow in Hartford county, of that State, is reported as 15 to 20 inches, completely protecting the winter grain, which is looking better than usual.

The season was equally favorable in the middle States, which report few discouraging facts affecting winter crops.

Throughout New Jersey, Pennsylvania, and Delaware, there is a general expression of satisfaction with the condition of wheat, and a confident expectation of a fruitful harvest if no casualty intervenes.

In the Ohio valley, and in the northwest, wheat generally looks well. A few exceptions are noted, as in Miami, Ohio.

In West Virginia, Putnam and Wood counties report inferior condition from winter-killing; others claim a better stand than for many years.

From Indiana the accounts of the crop are uniformly favorable, "far better than usual."

In Kentucky there is much diversity in the appearance, and not a little complaint of winter-killing.

In Illinois, and especially in the northwest, the crop is mainly spring wheat, but the fall-sown generally looks well in that region.

From Virginia, North Carolina, and Tennessee the condition reported is more variable.

A few counties only make the loss severe and many represent the prospect for harvest usually good.

Further south accounts favor an abundant harvest in proportion to acreage sown.

### About Home.

ARRIVALS.—Since our last report the following visitors have arrived with their families and taken possession of their summer residences for the season:

R. M. Sturgis, of Philadelphia, residence on Bellevue Avenue.

H. Hoppin, of New York, Beach View Avenue.

John Paine, of New York, Bellevue Avenue.

Mrs. T. S. Gibbes, of New York, Bellevue Avenue.

Fred. A. Lane, of New York, Pelham street.

Daniel LeRoy, of New York, Bellevue Avenue.

C. H. Appleton, of Boston, at Dr. Carter's, near Bellevue Avenue.

Mrs. M. Wordswoith, of Boston, at Jones' Villa on Harrison Avenue.

Mrs. M. S. Flagg, of Cambridge, Mass., at Clark's, on Dixon street.

R. M. Cushing, of Boston, at Kuhn's, on Beach street.

Miss Grant of Boston, Beach street.

Charles H. Russell, of New York, Narragansett Avenue.

George F. Tyler, Philadelphia, Bellevue Court.

C. Morgan, of New York, at Cook's, on Kay street.

E. Brinley, of Philadelphia, Mann Avenue.

Henry Sigourney, of Boston, Bellevue Avenue.

Mr. Barclay, cor. Clay and Atlantic sts.

THE HARBOR.—A very large number of fishermen and other vessels are yet in our harbor. The French frigate and her consort will leave on Tuesday. The frigate has a good many visitors though they are not as numerous as when she was here before.

THE SPECIAL TERM of the Court of the Court of Common Pleas within and for this County, which commenced its session here on Wednesday morning last, was adjourned last evening until Wednesday next at 7 o'clock p. m., at which time Judge Potter will render a final opinion in the case Christopher Townsend against John Alfred Hazard and others, which occupied two entire days in the hearing. This was the largest and most thoroughly conducted case, with the exception of the Little Compton Canvassers' case, that has been heard before this Court, for some time. The arguments of the counsel on both sides were very able and interesting. Sixteen witnesses were examined on the part of Mr. Hazard, and four or five on the part of Mr. Townsend and the others. A large number of authorities was quoted on both sides to sustain the legal positions of the opposite parties, and there seems but little doubt that the decision of the Case will turn upon the legal points raised by Mr. Peckham, the Counsel for Mr. Hazard, against the validity of the act of partition by the Commissioners—if they are sustained, the award will be set aside—if they are not, it will stand.

SCHOOL COMMITTEES.—In most places the school committees do their business with open doors, and their proceedings are reported quite fully. This gives the public a knowledge of school affairs, and aids very materially in creating a general interest in the schools. In other towns, though we know of but one or two such, the whole is done in private, and the public are required to walk by faith and not by sight, accepting conclusions without any means of knowing the reasons on which they rest. Which is the better way? And which is the most in accordance with the genius of American institutions?

STRAWBERRIES.—Lovers of strawberries will be glad to know that there is a prospect of a very large crop in this vicinity the present year. The accounts from New Jersey also indicate a large yield.

NO THINGS have yet been received of Mr. Wm. B. Wilson who has been missing for more than a week.

LOST AND NOT LOST.—A lady yesterday morning, a passenger on the Bristol boat, missed her gold watch after getting on board the cars. She returned to Bristol by the next train and going on board the boat, found her watch in the state-room she had occupied, safe under the pillow where she had put it on retiring the night previous.

### Old Newspapers.

The written news-*letter* was the parent of the printed news-*paper*. The desire to obtain early and correct information was only partly satisfied by letter writers. Rich and powerful men naturally wished, when absent from the seat of government, the head-quarters of politics, to be regularly "posted up," by special correspondence—sometimes from friends or followers, at other times from news-collectors, who received payment for their word. When one of these last had a larger clientage than he could supply with his own hand, he availed himself of the printers art to multiply his letters. The cost of production being much reduced by this aid, the News Letter, as it long was called, became cheaper and its sale much extended. The information thus communicated gradually became cheaper more general, including news from foreign countries as well as home items of greater or lesser interest; advertisements were subsequently introduced; much later what are called "leading articles" were held to be indispensable—but that was within the present century.

We are glad to observe that Gov. Baker of Indiana stoutly resists both the blandishments and the threats of the friends of the distinguished pugilists, Coburn and McCoole, who have been sentenced to incarceration for forty days, and refuses to let them off a day before their time. This practical virtue of the Indiana authorities should teach us how to deal with professional bruisers. If more of these fellows could "get forty days," there would be less prize fighting

### Religious.

In addition to the usual services at the Marlboro Street Methodist Episcopal Church there will be a young people's prayer meeting to-morrow at 6½ o'clock P. M.

Rev. C. H. Malcom of this city has been selected to preach the annual sermon before the Rhode Island Association of Free Baptist Churches at its next regular meeting.

All Saints Chapel on College street will be opened for service a week from to-morrow. Arrangements for occupancy of pews during the season may be made by calling on J. T. Langley esq.

A resolution was passed at the late meeting of the R. I. Free Baptists Churches excluding Rev. W. G. M. Stone from membership on account of his lack of sympathy with the denomination in act and doctrine.

The General Conference of the Methodist Episcopal Church has referred the question of lay delegation to a vote of the churches. This was done once before and the laymen decided against it, and it is very probable that they will do so again.

"Burleigh" in his correspondence for the Boston *Journal* has the following religious items which may be of interest to our readers:—

Rev. Charles Havand Malcolm of Newport, the Baptist minister whose views on communion have attracted of late so much attention, is quite a favorite with the Low Churchmen. On Sunday he occupied the chancel of Rev Mr. Brewer's church in Brooklyn, and made an address. Messrs. Tyng, Thrall, John Cotton Smith and others were present. Mr. Brewer introduced him by saying that, having had a Presbyterian and a Methodist minister in his chancel, he was very glad to welcome a Baptist minister. Mr. Malcolm has also preached in the Episcopal pulpit of Mr. Hubbard.—An elegant chapel reared for the Baptist congregation, of which Dr. Hiscox is pastor, was opened last Sunday. The Congregational church of Rev. Mr. Everst are about to erect one of the most elegant Gothic churches in the city. The friends of lay delegation in the Methodist Episcopal church who have just returned from Chicago are quite jubilant. They consider their point as good as gained. After the order of Episcopalians, they expect to have a house of lay, as well as clerical, delegates. Dr. Porter, who has been twelve years in the book room, and was not reappointed, lost his position, it is said, by his fierce opposition to lay representation. Quite a strong current is setting in toward scorning ministers from the South to fill Northern pulpits. The fervor and earnestness of the South with extemporaneous preaching seems to be quite taking. Rev. Dr. Carey, said to be the most eloquent Baptist preacher South, occupies the vacant pulpit in Madison Avenue, Sunday.

### News Items.

Philadelphia has a plague of locusts.

The Haytien dollar is now worth two cents.

Wheat has fallen considerably at Odessa in the prospect of an abundant harvest.

Nevada reports a turkois mine in the Columbus district and that it is of great value.

Of the eighty seven steamers sailing from New York to Europe, all, save one, are owned abroad.

A large number of leading citizens of New York, have tendered a complimentary dinner to Mr Burlingame and his associates in the Chinese embassy, which has been accepted for Tuesday, June 23.

The different departments of the government have directed that every formal token of respect be shown to the memory of the late President Buchanan by the government officers and employes.

It is reported that the Chickerings are soon to erect a music hall, near Union square, New York, which will surpass the famous Boston edifice, and give New York, what she has not, a really good hall for concert and opera.

The three daughters of Rev. Lyman Whitting, formerly of Providence Helen, Gertrude and Agnes,—were all to have been married Tuesday evening at the same hour in the Congregational church in Dubuque, Iowa.—Their husbands are three business men in that city.

The "Tunners" are a new organization at Ogdensburg, N. Y., for the purpose of furthering the success of General Grant. The regalia or uniform consists of a leather apron and other paraphernalia, commemorative of the business in which General Grant was engaged at the time the rebellion broke out. In joining the army, the General did not abandon his business, but kept on tanning the hides of the rebels till the end of the war. The tunners now propose to do for the democracy what Grant did for the rebels.

### Warren.

On Saturday night last, some one entered the cellar of the house of Mr. James Peck, through the outside door, and went up the stairs, through the entry and dining room, into the lodging room of Mr. Peck, took his pantaloons from the door on which they were hanging, and robbed the pockets of about twenty dollars. The pantaloons were found in a yard some distance from the house. Mr. Peck heard the intruders, but was deterred from pursuit by the dilemma in which he found himself.

[*For the Daily News*]

OUR SENATOR.

*Editor of Daily News:*

I have been very much pleased with the position taken by the *News* on the Senatorial question. As a member of the General Assembly I desire to vote for Mr. Sprague, but have made up my mind not to be led up in silence to do the bidding of those who refuse a word of information as to the principles and purposes of their candidate. And I can assure you, Mr. Editor, that I am not alone in this matter. We want light and feel that we are entitled to some respect on the part of those who direct the concerns of our little State. If this thing can be carried through in the way in which it has begun, Rhode Island may well be called a private plantation. All I complain of is the disposition to ignore the people, and rush things through in the dark.

REPRESENTATIVE.

"CONFESSIONS" OF AN EMINENT PHYSICIAN.—At the dinner of the Massachusetts Medical Society, in Boston, Wednesday, the venerable Dr. Jacob Bigelow, who has reached the age of three score and ten, remarked that he was proud and happy to be able to say that for the last half century he had not been obliged to keep his house, to stay at home for a single day, on account of any indisposition or malady whatever. He knew not to what he should attribute this singular exemption for so long a period, except it be to the joint facts, which he did not boast of excelling in, but had been entitled to practice;—temperance, hard work and abstinence from medicine. Such a candid statement of vital facts ought to attract universal attention. It is worth reams of theoretical resolutions in "social science."

### Business Notices.

GRATUITOUS ADVERTISING.—We are always glad to aid every good enterprise that is undertaken by our citizens, but we find it utterly impossible to work gratuitously for all the religious, charitable, educational, moral and festive associations that have a place among us. To do so is to occupy a large share of the energies of the office without any suitable return. A Daily paper in Newport, to be sustained, must have the support of the whole community, and the proprietors must not be expected to work for nothing. We find it utterly impossible to meet the expenses growing out of the publication of the *News*, if we yield to the the opinion expressed by those who have given the subject no thought, that we are to advertise without pay in all cases where the object is for religious and charitable purposes. We should be happy to do so if it were at all practicable, but as a large proportion of our work is of this class we are compelled to charge for it. Advertising by notices in the reading columns is the most valuable of all, and must come under the general rule. Our friends, therefore, will please not ask us to publish cards, notices, resolutions &c., except as a matter of business, when we will make the rates as low as possible.

COMPLETE.—Dessler's fine old London Dock Gin is slightly medicated, which makes it one of the most agreeable and healthful articles of the kind to be had. Sold in bottles. Call for Dessler's Gin, with the name of C. A. RICHARDS, Sole Agent, on the package. C. A. RICHARDS & CO., 22 Washington street, Boston, largest Retail Wine and Spirit House in America.

"I WILL WAGER A 'PER CENT,'" said a cracksman to another, speaking of the last bank robbery. Perhaps so—for it brought the burglars to grief. SOZODONT WINE BITTERS are really put up, and a delight to all who take them. C. A. RICHARDS & CO., Proprietors, Boston.

ANYONE contemplating advertising should see the card in another column of Messrs. Geo. P. Rowell & Co., Advertising Agents 40 Park Row, New York. This establishment is perhaps the most extensive one of the kind in the United States, and the very large business they control enables them to secure for their customers most important advantages.

MRS. ALLEN'S HAIR RESTORER, sold by CASWELL, HAZARD & CO.

BEAUTIFUL AND OF UNIFORM EXCELLENCE. A well-known, safe, and speedy agent for restoring gray hair to its original color, for preventing the loss of the hair, for promoting its healthy growth and increasing its beauty, a gradual but certain cure for baldness, and an essential toilet requisite for all who prize that choicest gift of nature, a beautiful supply of hair, the above is said to be all who use Mrs. S. A. Allen's Improved (new *style*) Hair Restorer or Dressing, (50 cts *bottle*.) Every Druggist sells it. Price One Dollar. may29—1m

LIFE STOCK INSURANCE, comparatively new in America, has been carried on in Europe for more than fifty years. It has were become established as a secure and popular means of indemnity against loss. By a careful and adequate insurance, the rich man provides a certain guaranty for the value of his animals, and the poor man, who owns only one horse or cow, a sure recovery of that upon which depends, perhaps, his daily bread. The rates of the ÆTNA of Hartford, are as low as security to Policy holders will permit.

POVERTY IS BAD, but the worst kind of poverty is poverty of the blood; this makes a man "poor indeed," for it takes away his strength, courage, and energy; but enrich the blood with its vital element, *Iron*, by taking the Peruvian Syrup (a protoxide of Iron), and you will feel rich and "as good as anybody." Try it.

### Every Violation

Of the laws of health invariably entails its own punishment, and the warnings administered by the faithful monitor (pain) cannot be neglected with impunity. If its admonitions were heeded, and the proper remedy immediately resorted to, a vast amount of suffering would be prevented, and dangerous diseases averted. When the head throbs, the lips become parched, and the cheek is burning, the warning is given; neglect is then dangerous. In the vast storehouse of nature may be found remedies for all the different maladies that afflict mankind, without resorting to perilous minerals. The best of these medicinal agents have been incorporated in the preparation known as HOSTETTER'S STOMACH BITTERS, and offered as a safe remedy to those suffering from the various forms of fever. This medicine has steadily and surely won its way into the confidence of the public, and has received the warmest encomiums from the press and people throughout the Union. As a valuable tonic for the cure of Dyspepsia, Flatulence, Constipation, and general nervous debility, it cannot be approached.—Every day, new cases of its great effect are chronicled through our public journals. There is nothing equal to the enjoyment which the afflicted experience when using this valuable specific. Its mild tone, its sure and vigorous action upon a disordered stomach, and the cleansing of the entire human body, should recommend it to all classes of our community.

SPECIAL NOTICES.

Wistar's Balsam of Wild Cherry
For the cure of Coughs, Colds, Hoarseness, Asthma, Influenza, Croup, Whooping Cough, Bronchitis, Pulmonary Affections & Consumption, &c., &c.
The great remedy is too well known and is performing too much good to make it necessary to go into an elaborate description of its merits. Suffice to say that it still maintains the supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, will then have occasion to resort to other expedients to insure a perfect restoration to health.
From SAMUEL A. WALKER, Esq., of Boston, The well-known Auctioneer.
To Seth W. Fowle:
My Dear Sir—Having experienced results of a satisfactory character from the use of Wistar's Balsam of Wild Cherry, in cases of severe colds, during the past two years, I am induced to express the full faith I have in its restorative power.
I was first induced to try this medicine as an experiment, about two years ago, in connection with the strong recommendation of a friend, who was well nigh gone with Consumption, and whose relief from the use of it is valuable proof of its great value in cases of colds and decline, and most clearly demonstrates, to my mind, its great value as a restorative, that only needs a fair trial to insure a grateful demonstration from the public.
Yours truly and respectfully,
SAMUEL A. WALKER.

A TERRIBLE DEATH!

Of the thousands wasting away with Consumption, there is not one in ten but that can revert to a time when it was *nothing but Catarrh*. This disease depends upon a poison and humoral condition of the General System, and the use of strong snuffs or caustic solutions always irritate the parts already inflamed; they often astringe the membrane, suddenly checking the morbid secretion, and driving the disease directly upon the lungs. The success of Dr. KENNEDY'S "PLEASANT CURE FOR CATARRH," lies in the fact that it purifies the blood, gives tone and vitality to the system, while its unrelated membranes are cleansed and healed by soothing applications. See that his *fac simile* is upon the wrapper. For sale by all Druggists. DEMAS BARNES & CO., New York, General Agents.

## Last Evening's Specials.

### FROM WASHINGTON.

WASHINGTON, June 5, 1868.

The President and Cabinet received Embassador Burlingame and his embassy at noon in the East Room of the White House. The usual formalities were exchanged in mutual addresses. A large crowd were in attendance.

Minister Burlingame read the address on behalf of his associates, and this was followed by one from Seward on behalf of the President. As soon as this was concluded the embassy at once withdrew.

There were present at the time, the President, Secretaries McCulloch, Seward, Randall, Browning, Schofield, Minister Burlingame and eight Chief Mandarins.

Representatives of the press and citizens generally were excluded, such being the custom of the Chinese at home and Secretary Seward expressing a desire to follow their usages as far as possible.

The State Department is in receipt of intelligence to the effect that Dennis O'Connor, the last imprisoned American citizen in Ireland, has been released and is now on the way to the United States.

PROSPECTS OF INDIAN HOSTILITIES.

St. Louis, June 5.

Bishops Ames and Simpson and about forty ministers of the Chicago Methodist Conference arrived at Omaha last night on a pleasure trip to the Rocky Mountains.

The Helena (Montana) *Herald* has advices from Fort Buford and along the upper Mississippi River that there are prospects of a renewal of Indian Hostilities, and the government is preparing to fight the savages. It is reported that the government is chartering steamers on the Mississippi River for the purpose of transporting troops and supplies and making other preparations for a general Indian war.

Regular trains will commence running next Monday on the Kansas Pacific Railroad, three hundred and eighty-six miles west of the Missouri River, the present terminus of the road.

## TELEGRAMS.

FROM THE CAPITAL.

WASHINGTON, June 5.

The Senate was occupied to-day with the House bill to admit the Southern States to representation in Congress. The Judiciary Committee reported against Alabama being included, but several Senators urged her admission with the rest. No vote was taken.

In the House the Committee on Pension reported and had passed an important pension bill. It provides that in the case of the death of a soldier, who leaves neither widow or children, and who would be entitled to a pension, the pension should go to the mother, father, sisters or brothers of such soldier in the order named. The time for the making application for the pension is also extended.

☞Scientific research cannot furnish an article for the Toilet superior to this.

State Assayer's Office, 26 State street, Boston.
October 11th, 1867.

Dr. George W. Babcock: Sir—I have analyzed and tested the Hair Dressing received from you, with the following results:

It is free from silver, lead, sulphur, acids, alkalies or injurious substances of any kind.

It is skillfully prepared, containing valuable medicinal ingredients, which are known to stimulate the growth of the hair; and I can recommend it as a superior preparation, and one that may be used with entire safety.

Each bottle contains twelve fluid ounces. Respectfully. (Signed) S. DANA HAYES,
State Assayer of Massachusetts.

It stimulates the growth of the hair, keeps the head cool, moist and clean, does not soil the dress or the skin, and its effect upon the appearance of the hair is everything that can be desired.

It not only promotes, but preserves a luxuriant, handsome growth of hair in its natural color through life.

VERY HIGH AND RESPECTABLE TESTIMONY

THEY BEAR SET FORTH.

They have in their possession a paper bearing the actual signatures of these leading Wholesale Druggists, besides the signatures of all the large Druggists in the principal cities in the New England States.

We, the undersigned, Wholesale Dealers in Drugs and Patent Medicines, &c., in Boston, would say in answer to an inquiry made by Messrs. C. A. RICHARDS & CO. that we believe the

"SONOMA WINE BITTERS"

made by them, to be the very best article of the kind that has ever been placed before the America public, and that it meets a positive want, inasmuch as there was no other well known Bitter made with PURE CALIFORNIA WINE until Messrs. C. A. RICHARDS & CO. placed their article upon the market.

The formula for manufacturing these Bitters has been explained and exhibited to us by Messrs. C. A. RICHARDS & CO., and it has elicited our cordial approval as a thoroughly scientific preparation. Although but a few months have passed since its first introduction, we already consider these Bitters a standard article in our business.

Cheap Cash Store.

C. G. HANDY & SON

WILL be ready and happy to exhibit on sale, to their friends and the public, their carefully selected NEW STOCK of DRY GOODS, on

MONDAY MORNING, 28th inst.

These Goods were selected and purchased the present week, by the senior partner, assisted by an experienced Mantua Maker, from the extensive assortment of Messrs. Alexander J. Stewart & Co., Broadway, Chambers, and Reade streets,—and from Manufacturers, Manufacturers' Agents, Importers and Jobbers, and at Auction Sales in New York.

And in calling your attention to an examination of this Stock we would say, that Dry Goods have been purchased the present week at wholesale, at from 10 to 33 per cent. less than at any previous time for the past six years; consequently, you have reason to expect GREAT BARGAINS, and will not be disappointed, as our motto is "large sales (for *Cash* at the counter) and small profits."

We are confident, if you will call and look at the Goods before purchasing elsewhere, which we shall be too happy to show, whether you purchase or not, you will be tempted either to purchase or advertise us, as we claim to be the

NEW YORK & BOSTON CHEAP CASH STORE.

Weekly additions will be made to our stock of such goods as are desirable. Personal attention given to the purchases and sales of them, and we confidently expect to change our whole stock every fortnight, the benefit being to the purchaser and proprietors mutual.

## NEW YORK.

Alpine Bitters.

THE ALPINE BITTERS, imported exclusively from Switzerland, is made from Roots and Herbs, harmless in themselves, but marvelous in their strengthening properties. Their recuperative qualities are unrivalled, and are especially efficacious in all cases of Female Debility, arising from any cause whatsoever; also for Dyspepsia, Indigestion, Headache, Nervousness, Loss of Appetite, and as a prophylactic against Chills and Fever.

The ALPINE BITTERS have a soothing and restoring influence upon the system, especially upon the digestive organs, and is highly recommended to ladies and even children in delicate health, and to all who are averse to taking wine, poisonous whiskeys and other stimulants.

The continually increasing demand for this universal popular EUROPEAN TONIC and ANTI-DYSPEPTIC ELIXIR, has induced the undersigned to make such arrangements abroad as will enable them constantly to supply all orders with which they may hereafter be favored.

Can be obtained by all Druggists and other dealers.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

SELF-ABUSE AND SOLITARY HABITS,

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies

SECRET AND DELICATE DISORDERS;

Mercurial Affections, Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston,

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape Imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

promptly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying hosts, false presentations, false pretences and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the name and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising the names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through fabricated certificates and references, and recommendations of their medicines by THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Boluses, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred. It is trumpeted in various ways throughout the land; but, worst nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, not relieved or cured. If possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professed curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is true that many are deceived also, and unclassify spend large amounts for experiments with quackery.

DR. L. DIX

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all, both in this country and in Europe, that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

MEDICAL AND SURGICAL OFFICE,

No. 48 1-2 Howard Street, Boston.

DR. W. F. PADELFORD gives exclusive attention to diseases of the genito-urinary organs, and all diseases of a private nature in both sexes.

DR. PADELFORD has gained a greater celebrity for the cure of the above diseases than any physician in America. His great success in these long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy the extensive patronage he has received. Therefore, persons afflicted with diseases of the above nature, no matter how difficult or long standing the case may be, would do well to call at Dr. Padelford, at his office, and if not effectually relieved, no remuneration will be required for his services.

It is deplorable to witness some of the cases that are presented
